More About This Producer

Sambuca di Sicilia has been growing excellent grapes for centuries; and Cellaro tells the story with incomparable wines. Great terroirs for great wines, the vineyards stretch from 300m to 600m above sea level. The farmers have harmonized vineyards and land, choosing to use renewable energy. On the highest hills, giant wind blades embrace the sky and leave the air full of nothing but the wonderful fragrances of nature. It is truly a heavenly place.
