Appellation: Leelanau Peninsula

Alcohol: 6.9%

Residual Sugar: 2%

pH: 3.54

Acidity: 0.93%

Cases Produced: 162

It's the juicy, sweet of McIntosh; the earthy, honey peel of russeted Golden Delicious; the aroma and structure of Northern Spy; the balanced acidity and robust flavors of Rhode Island Greenings, it's Coop de Pomme. Our Coop de Pomme is made from local, Leelanau County apples of four different varieties, each adding to the aroma, flavor and texture of this traditional beverage.

We fermented in three batches, using three different yeast with the goal of capturing aromatics, mouthfeel and balance. This cider is clean and fresh with just a hint of sweetness for balance.
