

MAS L'ALTET • RED COMUNIDAD VALENCIANA

He is an engineer from Alicante. She is a bio-engineer from Belgium. The two met in a class for Master of Oenology. 9 years later, Alfredo and Nina are married with 3-year old son,

Luka, and 5-acre vineyard from his grandfather. It is situated at 1,800 ft elevation with wicked winters resulting in wine with freshness and a Mediterranean touch. No irrigation and pampered vines deliver a personal, feminine wine with a touch of minerality and integrated wood. .
