*Cuvée Plan de Dieu*

AOC Côtes du Rhône Village Plan de Dieu

## ORGANIC WINE

### GEOGRAPHICAL LOCATION:

The vineyards are located on the Plan de Dieu plateau in Camaret, at a place known as “Piécaud” which in provencal means “Hot Feet”. Aptly named as the plateau is drenched by the pervasive sun and swept by the winds of the Mistral.

**GEOLOGY:** Red soils: limestone soils interlaced with composites of fine red earth made up of 15 to 20 % clay and containing a high proportion of rolled stones typical of Rhone Valley soils

**GRAPE VARIETIES:** Grenache 50 %, Syrah 50 %  
Certified by Ecocert, the grapes are organically grown.

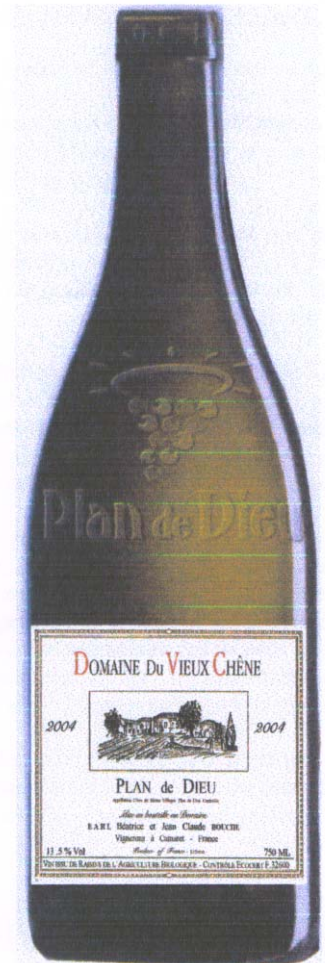

**AVERAGE YIELD:** 38 HL/HA

**VINIFICATION :** The Domaine remains loyal to Côtes du Rhône Villages type vinification. The equipment and methods used are as kind as possible to the grapes and the must. The wine clarifies naturally, filtering is generally light and progress is permanently monitored.

**ASPECT :** Deep red with purple reflections. A bouquet of both red and morello cherries, a trace of blackberry . Silky, lush and consistent mouth with flavours of bilberry, raspberry and clove.

**SERVICE :** 18° ...pairs with duck, patés ... excellent with a “foie gras poêlé”
