

## CANTINA SANTA MARIA LA PALMA

Le Bombarde wine takes the name from the beach where, even today, we find vineyards of red grapes such as Cannonau and Monica di Sardegna. The cannons, represented on the label, are the symbol of the defense and the pride of the Sardinian coastal territory, that over the centuries has suffered invasions by various dominations including the Aragonese and Spanish. They are the emblem of the strong and determined character of these grapes.
