

Moscato
California

This Moscato is, “bottled attitude”. Most Moscato s are blended and bottled to do one thing, be sweet. The Toschi Moscato is sweet, but it is also full of huge flavors of pink grapefruit, guava, honeydew melons and green apples. The Toschi Moscato is backed up with firm acids to balance off the finish and to not allow the wine to be long and saggy on the finish.

This Moscato is light and refreshing and can be served with bowls of summertime fruits,

Enjoy!
