Sustainably practices and minimal intervention in the vineyard and winery gives our wines their distinctive single vineyard characteristics and flavor.

**Fining and filtration:** Egg white fined and X-Flow filtered.

**Fermentation:** Hand plunged and fermented in open top fermenters. Temperature controlled fermentation with a variety of yeasts, both natural and cultured, combined with strategic hand plunging to optimize the fruit and tannin balance. Following extended post ferment maceration on skins the wine was drained and pressed to barrel. Selective barrel blending followed by minimal fining and filtration and bottled in May 2011.

**Tasting notes:** Light ruby-red colour with pale purple hues, youthful in appearance, this has a softly fresh nose of vibrant dark cherry and raspberry fruit aromas, quite primary in expression. There are notes of violetty florals and some red liquorice showing adding to the depth and concentration of the aromatics. Elegant and medium-weighted on palate, this has softly expressed, but bright, primary fruit flavours, underpinned by subtle and supple tannin extraction. The acidity is well-balanced and provides freshness. Soft raspberry liqueur notes are sustained on the finish.
