**2012 Byrd Vineyard
Red Wine
Mendocino | Estate Grown**

Tasting Notes: Hues of blue and purple going into red are reflected in the soil and the fruit. The last light of the day prismatically expands into layers of color and fruit, which are revealed in this wine, moving from aroma to finish uninterrupted. The wine is a blessing to be paired with foods that, dare I say, contain fat. This wine dances with marbled beef, cream and stinky cheeses.
