## SHADY LANE CELLARS

Located at the base of Leelanau Peninsula, just minutes from downtown Traverse City, the historic estate offers more than wine. We also offer an experience worth having, and we spend every single day working to ensure that yours is incredible from the instant you arrive.

Our Estate vineyard was first planted in 1989, later the Tasting Room located at 9580 E Shady Lane in Suttons Bay, MI opened in 1999 making Shady Lane Cellars one of the original 12 wineries on the Peninsula.

We are a boutique estate winery with just over 60 acres under vine between two distinct vineyard sites. Driven by a passion for what we do and a commitment to sustainable agriculture it is our goal to produce wines that exhibit a profile of elegance and structure complimented by intensity of aroma and flavor which are a true expression of this place.
