### ABOUT THE STELLENBOSCH REGION

Stellenbosch is perhaps the most famous wine-producing region in South Africa. The town, in Western Cape's Coastal Region, is steeped in history and is home to the country's best-known wine estates. Granite and sandstone soils are found throughout Stellenbosch. Their high clay content means that while they are free-draining, they have excellent water retention properties. Sufficient rainfall in winter allows growers to keep irrigation to a minimum.
